## FULL STACK DEVELOPER

I'm a developer with **3 years of experience** in **HTML, CSS, JavaScript, Typescript, and Go**. My background includes building applications with modern frameworks like **Angular**, as well as working with REST APIs and MVC architectures.

## TECHNICAL SKILLS

<b>Languages</b>	:	JavaScript, Typescript, Go, HTML, CSS
<b>Frameworks</b>	:	Angular, Express, Node.js, Gin
<b>Databases</b>	:	MongoDB
<b>Dev Tools</b>	:	Linux, Docker, Visual Studio Code, Git, Gitlab, Github

## EXPERIENCE

### Fullstack Developer

Lenovo Romania

September 2023 – Present  
Hybrid – Bucharest, Romania

- Plan and prioritize tasks from the sprint or backlog; break features into actionable tickets
- Write and review code for **frontend** and **backend** systems
- Implement UI components with **HTML, CSS/SCSS, and JavaScript** or framework-specific patterns such as **Angular**
- Working with **MVC frameworks** to develop robust and scalable backends
- Troubleshoot and fix bugs and issues in the **backend** and **frontend** to ensure smooth operation of the applications
- Collaborate with **cross-functional teams** (designers, product managers, QA) to align on requirements
- Maintain security and compliance best practices (input validation, auth, secrets handling)
- Mentor and share knowledge with developers; help onboard new team members

### Frontend Developer Intern

Lenovo Romania

July 2023 – September 2023  
Hybrid – Bucharest, Romania

- Developed dynamic and responsive components using **Angular**
- Implemented designs from **Figma** into pixel-accurate, accessible interfaces
- Integrated frontend code with **backend APIs** and handled data fetching, state management, and error states
- Wrote and ran **unit and integration tests** for components and UI logic

### Police Officer

Ministry of Internal Affairs

September 2019 – July 2023  
Bucharest, Romania

- Performed preliminary and follow-up investigations, including evidence collection, witness interviews, and report documentation
- Collaborated with other officers, specialized units, and external agencies to coordinate operations and share intelligence
- Maintained physical readiness, situational awareness, and adherence to operational protocols at all times
- Prepared detailed incident reports and documentation used for legal proceedings and case follow-ups

## EDUCATION

### Titu Maiorescu University

Master's Degree in Cyber Security

Bucharest, Romania  
October 2025 – Present

### Romanian Police Academy

Bachelor's Degree in Military Science and Informatics

Bucharest, Romania  
September 2019 – July 2022

## PROJECTS

---

<b><a href="#">HamburgerStore</a></b>	<i>React, CSS, HTML5, Bootstrap, Git, Firebase</i>	<a href="#">Source Code</a>
	<ul style="list-style-type: none"><li>• Designed and developed a clean, modern, and fully responsive website using <b>HTML, CSS, and React</b>, following best practices for component structure and UI consistency</li><li>• Improved overall performance and user experience through layout optimization, efficient rendering, and lightweight asset management</li><li>• Utilized responsive design to ensure compatibility across all devices</li></ul>	
<b><a href="#">ArtonCanvas</a></b>	<i>Node.js, Javascript, HTML, SCSS, Bootstrap</i>	<a href="#">Source Code</a>
	<ul style="list-style-type: none"><li>• Includes a fully functional login flow with form validation and protected routes</li><li>• Implements client-side routing with parameterized routes to handle product details, user pages, and dynamic navigation</li><li>• New users can register through a dedicated form, with all account details securely stored in the database</li></ul>	
<b><a href="#">TrimAtHome</a></b>	<i>JavaScript, HTML, CSS, Git</i>	<a href="#">Source Code</a>
	<ul style="list-style-type: none"><li>• Applied best practices for loading speed, semantic HTML, and accessibility to ensure a fast and inclusive experience for all users</li><li>• Implemented a seamless smooth-scroll effect across the entire page, enhancing navigation flow and creating a modern, polished user experience</li><li>• Developed a fully interactive booking modal that captures user input and processes it in real time, ensuring instant feedback and smooth data handling</li></ul>	
<b><a href="#">ProjectUploader</a></b>	<i>React, HTML, CSS, Git</i>	<a href="#">Source Code</a>
	<ul style="list-style-type: none"><li>• Implemented a dynamic form interface that enables real-time project submissions to my portfolio.</li><li>• Integrated a POST request workflow that securely transmits project data to a Firebase backend, where entries are stored and synchronized within the portfolio database</li><li>• Designed the user interface using <b>Bootstrap</b>, ensuring a clean, responsive, and professional layout that enhances usability across devices</li></ul>
